**SIRES - CAM17/0591 (BLUE TAGS) , CAM18/0598 (ORANGE TAGS) ,CAM180059 (GREEN TAGS) are fullblood Charollais  
 KD190405 is a Coolalee (WHITE TAGS) - KD150015 (DARK BLUE TAGS) is a 50% Charollais 50% Coolalee  
 The K D Composite ewe base has been developed since 1999 from the Coolalee breed that is renowned for easy lambing, high fertility, non seasonal breeders and good growth rate of lambs. The Charollais was introduced in 2015 to the composite ewe base and that further enhanced the easy lambing and added faster growth and heavy muscling and a "punch" of hybrid vigour**
